Standard Features

- Compact sturdy welded steel construction
- Uncomplicated open design provides easy access
- PLC control
- Touch panel with plain-language display for operating status and fault messages
- Driven case magazine conveyor with positive entrainment and indexing system
- Single sided case erecting on adjacent panels with hinged erecting arms
- Vacuum generators
- Automatic folding of bottom case flaps
- Motorised case opening and case transport with linear motion drive systems
- Rapid size adjustment with programmable formats
- Facility to interlock with downstream equipment
- On demand system to prevent case jams on discharge conveyor

Functional Features

- Automatic glue pattern control - no need to adjust glue position to suit different length cases
- Fail safe tape application system
- Low tape level detection

Optional Features

- Large capacity case magazine
